## SOLONS CONVENE DESPITE GOV. WALTON!

### VIRTUALLY MARTIAL LAW IMPOSED ON GERMANY BY CABINET ACTION

Step is Taken by Governing Body After Learning That Bavaria is in Protest Over The Abandonment of Passive Resistance—Bavaria Claims Her Action Had No Such Meaning.

(By Associated Press).  
BERLIN, Sept. 27.—Immediate proclamation of a state of emergency throughout Germany was decided upon at a hurriedly called midnight session of the German cabinet attended by General Von Seeckt, chief of staff. Minister of Defense Gessler was given executive authority to put into force any military or police measures that might be deemed warranted under the circumstances. The action is construed as virtually placing Germany in the hands of military dictators. The action was taken when the news of the appointment of Dr. Von Kahr as military dictator of Bavaria was received. The proclamation as issued was intended to offset the Bavarian manifesto. Bavaria's action is construed as a censorial criticism of the way the Berlin government called off passive resistance in the Ruhr. Bavaria has asserted the measures were wholly prompted by the suspicious activities of the guards of Adolph Hitler, national socialist leader.

### BRYAN BUSINESS MEN ORGANIZE INSURANCE CO. FOR HOME FOLKS

(From Wednesday's Daily)  
The Fidelity Mutual Life Insurance Association of Bryan has recently been organized in Bryan and surrounding territory. W. S. Barron, president of the Bryan Rotary Club, is president. W. C. Davis, chief justice, court of civil appeals, is vice president. P. S. Mangum is secretary. D. L. Wilson of Chambers-Wilson Ford dealers and J. S. Neddalek, proprietor of the Central Texas Auto Company, are on the advisory board for the Bryan section. Chas. E. Henry, cashier of the First National Bank of Navasota; George P. Barron, superintendent of the Grimes county schools; J. A. Heath, president of the First State Bank of Normangee, and H. A. Turner, proprietor of the Turner Hardware Company, Madisonville, are on the board for those sections. C. B. Carter of the Carter-Morris Lumber Company, Franklin; W. C. Allen, of the W. C. Allen Mercantile Company, Hearne, and Judge John Watson of Cameron, district judge for the Cameron district, will be the directors for those sections.  
The main offices will be in Bryan but the field of the company will cover a wide territory around Bryan. The purpose of the Association is to provide insurance on the plan of the Shriners whose business is confined to member only. This Association is an effort to furnish insurance at as nearly cost as it is possible to do so.

### ENROLLMENT AT ALLEN 145. OTHERS TO COME

Enrollment at Allen Academy to date is 145 with 10 more expected. New teachers on the campus this year are: Prof. C. C. Rogers, an A. and M. graduate; W. L. Porter, mathematics, A. and M.; E. P. Baikin of A. and M.; assistant coach, and Francis Powell. The only new department added is that of science.

### COLLEGE METHODIST MISSIONARY SOCIETY INSTALLS OFFICERS

Monday afternoon was installation day for the Methodist Woman's Missionary Society at College. Mrs. George P. Grout was installed as president, Mrs. Jennie Tate, vice president; Mrs. J. F. Thomas, recording secretary; Mrs. F. A. Buechel, corresponding secretary; Mrs. George L. Dickey, treasurer; Mrs. King Vivian, superintendent of study; Mrs. B. F. Harrison, superintendent of social service, and Mrs. Dan Scotates, superintendent of local charities. Mrs. Vivion outlined the work for the first study course for the year—The Debt Eternal—a study of parental responsibilities to child life which will be held at the next regular meeting Monday afternoon at 3:30.

### REAR END COLLISION DAMAGES TWO AUTOS

(From Wednesday's Daily)  
Damage to the extent of about \$150 was done to the Overland touring car of Hugo Linz about dusk Tuesday when a Ford roadster, driven by a negro, Alfred Thomas, said to live at College, suddenly turned a corner near the Henry George home and ran into the back end of the Linz car. It was pushed violently against a truck belonging to Henry Jones, and the Overland sustained damages at both front and rear. No one was hurt. Thomas explained the mishap by saying he had just bought his Ford and knew so little about driving it that he lost control for the moment. Little damage was done to the Ford roadster.

### MISS PAULINE BEARD BRAZOS COUNTY GIRL MAKES GREAT RECORD

(Special to Bryan Daily Eagle)  
EDGE, Tex., Sept. 26.—Miss Pauline Beard of Edge has made a great record in club and school work for the past year. Pauline is secretary of the Blue Ribbon Forty Boys and Girls Club, state champion for 1922 and had much to do with the success of the club. Last spring in the Interscholastic athletic field meet at A. and M. she won 53 individual points, taking by 19 points her place as high point contestant at the meet. Prof. P. S. Mangum promoted her from the ninth grade to the eleventh at the beginning of school last year. That this promotion was wise is proven by the fact that she won by her yearly grades the place of valedictorian and delivered the valedictory address for her class.  
Now, with additional winnings under County Home Demonstration Agent Miss Laura Belle Roten and Mrs. P. S. Mangum, her home science instructor, and her record of first place in sewing, first in home improvement, first for best school dress in the state, second place on best essay, which will appear later in the Eagle, and the best dressed club girl, Pauline has made a wonderful record and one possibly never equalled in the state.

After two visits by Miss Beas Edwards, district agent for North Texas and head of the home improvement work; Miss Mildred Horton, assistant state agent; Miss Gertrude Blodgett, district agent and Miss Laura Belle Roten, county home demonstration agent, it was decided for Pauline to take her work in sewing, canning and home improvement to the Dallas Fair, where she has a free trip and scholarship. She plans to ship her stuff by express, while she accompanies her club, The Blue Ribbon Forty, which is going in a body some three or four days ahead of the time Pauline must be at the Fair.

### MARRIAGE LICENSES FOR BRAZOS COUNTY

Marriage licenses issued in Brazos county since September 18 are as follows: Virgie Harrison and Ona Berry, P. E. Bohannon and Audrey Thompson, Charlie Allen and Velma Clifton, James Frazier and Nettie Hester, Wash Perkins and Mary Liza Sullivan, Fred Roy and Myrtle Luster, Green Amos and Annie Chappell, Jim Burel and Susie Parker, Sam Banks and Bessie B. Davis, Augustus Williams and Willie Lee Watson, Richard Sallie and Bessie Rogers, Leroy Birdwell and Frances Margaret Taylor.

**BRYAN FOLKS TO WELLBORN**  
Miss Gertrude Blodgett, district agent, Miss Laura Belle Roten, home demonstration agent, Miss Jennie Camp, district agent, C. L. Beason, county agent, Roy Vick, Secretary S. E. Eberstadt visited the Wellborn fair today. The whole of Bryan is invited to the barbecue which will be held about 6:30 o'clock.

### COLLEGE BUSES SOLD TO TRACTION COMPANY

The Bryan-College Traction Co. has bought the three buses which have heretofore been operated by College boys, according to Eugene Edge, president. The bus belonging to J. W. Watson was bought last week and the buses belonging to W. D. (Bull) Johnson and J. F. (Pony) Wilson were bought this morning. While the price for the buses was not made public, the sum paid was liberal, according to James Sullivan, secretary of the Traction Company. The Interurban company plans to resell the buses.

### SINGING CONVENTION DATE SET FOR EDGE SUNDAY, OCTOBER 7

(Special to Bryan Daily Eagle)  
EDGE, Tex., Sept. 26.—Edge is making preparations for the Singing Convention to be held here the first Sunday in October, October 7th. Edge has ample accommodations for the convention since the building of their new community house or auditorium, and takes pleasure in having their neighbors and friends from other communities of the county visit with them on such occasions as the singing convention.

### CAPT. G. H. PENDERGRAST TAKES UP GOLF PLAYING

Captain G. H. Pendergrast, the popular head of the military branch of the Allen Academy, is announced today as a new associate member of the Bryan Country Club. He has written for his golf club and expects to give the champion golfer a run for his money in the annual tournament of the club to be held next spring.

In the announcement yesterday of new stock members through error Prof. W. L. Harrington and Milton Fountain, new stock members, were incorrectly shown. Both of these men are now stock members of the club.

### BRYAN EASTERN STAR HOLDS SPECIAL MEET

A special meeting of the Bryan chapter, Order of the Eastern Star, was held on Tuesday evening at the chapter room with a large attendance. Special mention is due the very beautiful floral decoration of the chapter room on this occasion, at the hands of the capable committee. Mr. George Cannon and Mrs. M. Kirvin were initiated into the order. The musical program, attendant upon the degrees given, was another very enjoyable part of the evening. Mrs. Albert Goodman at the piano presided, Mrs. George Long as soloist, and Mrs. Long and Miss Clara Wood in vocal duet, "Whispering Hope" were especially appreciated. A delightful social hour with a refreshment course served in the chapter parlors, closed the evening's pleasure.

### AUTO LICENSES FOR BRAZOS PAST WEEK

The following persons in Brazos county have been issued licenses for new automobiles since September 18: S. A. Armstrong, Carmelo M. Degelia, Grant McDaniel, W. M. Wickes, D. C. Richardson, Guy M. Damsby, Andrew Armstrong, Fred L. Williams, L. E. Norwood, E. Q. Wilson, Billy Mazy, John Ettle.

The following property exchanges in the city of Bryan have been recorded in the Brazos county records for the month of August: E. B. Elliott to George A. Edge, Lots 1 and 2, block 172; H. S. Locke to A. S. McSwain and J. W. Barron, lots 43, 44, 45, Coles' addition, for \$250; J. Z. Ramsey to Willard Chamber, part of lot 4, block 24, Phillips addition, \$550; William D. Winter to W. B. Roman and J. B. Christian, lots 3 and 4 in Winters sub-division of block No. 4 for \$550; James W. James to Charlie L. Murray, lots 1, 2, 3, 4, block 2, Henderson addition, \$250.

### BILSING GETS LEAVE TO STUDY IN OHIO UNIVERSITY

Prof. and Mrs. S. W. Bilsing of College were visitors in the city today. They expect to leave College on October 1st for Columbus, Ohio, where Mr. Bilsing will take his Ph. D. degree at the University of Ohio during the coming year. He has been granted a year's leave of absence from the A. and M. College, where he is at the head of the department of entomology, which position he has held for the past several years. Mr. and Mrs. Bilsing will be at Columbus until next June. They will return to A. and M. College in time for the opening of school in the fall of 1924.

Mrs. J. S. Doane, who is in a sanatorium in Temple quite sick, is reported doing fairly well.

### OKLAHOMA HOUSE TO TAKE CONTEST WITH WALTON TO COURTS

(By Associated Press)  
OKLAHOMA CITY, Sept. 27.—The State today is in doubt as to the status of its lower legislative agency as the lawmakers prepared to take their cause in conflict with Governor Walton to the courts. The house was formally convoked yesterday, notwithstanding military interference. This presented an unprecedented problem.

### TRY INJUNCTION ROUTE

Military activities extended to a third county in Oklahoma today as preparations were made here by members of the house of representatives to institute injunction proceedings in the district court to restrain Gov. Walton from prohibiting the meeting of house members. Sixty militia men moved unannounced to the county seat of Wagoner county at noon. Attorneys are preparing injunction action against the governor declared they are girding for a battle to the federal supreme court on the right of representatives to convene themselves. "The fight is over so far as the house is concerned," Walton said, declaring that when court action was begun he probably would not appear or be represented. Sixteen persons have been named in grand jury indictments at Wagoner for alleged participation in the flogging of Ben Wagner at Broken Arrow.

### CORRECT FALL STYLES TO BE HERE IN WEEK

Eugene Edge on the corner is in Chicago tonight, he goes to buy the new styles for fall. Many changes having been made in garments and millinery the past thirty days, in fact the correct styles are now just out and they will begin to arrive daily by express in a few days and will be on display. Mr. Edge asks his customers not to buy until they have seen the newest styles in party dresses, dinner dresses, street dresses and millinery.

### HAPPY FAMILY REUNION

Miss Kate Closs, has just returned from Hempstead where she spent the week-end at the home of Mr. and Mrs. J. S. Weatherford enjoying a family reunion with her foster father, J. L. Ashford. There were fifteen children and grandchildren present. Among those present besides Miss Closs were: Mr. and Mrs. G. F. Ashford of College Station, Mr. and Mrs. J. C. Ashford of El Paso and Mr. and Mrs. P. D. Ashford of Houston.

### MEXICAN WOMAN DIES

Mrs. Andrew Guertez, age about 27 years died in Bryan at 11 p. m. Wednesday night of tuberculosis. She had resided with her husband on the Pennington plantation near Wellborn, but was in Bryan for medical attention at the time of her death. Funeral arrangements were in charge of the McCulloch-Gordon Co., and interment was made in the Bryan Catholic cemetery at 4 p. m. Thursday. Rev. J. B. Gleissner and Rev. P. Litwora conducting the services.

### JUDGE DAVIS TO BREAK DEADLOCK-BEAUMONT

(From Tuesday's Daily)  
Judge W. C. Davis, who has been appointed chief justice of the new tenth district Court of Civil Appeals at Waco has been designated by Gov. Pat M. Neff to proceed to Beaumont and break the deadlock which has arisen between the two district judges there over the appointment of a county auditor. The law provides for this method of selecting an auditor in case of a deadlock. He will leave Wednesday.

### BRYAN WOMEN HONORED

Mrs. R. W. Persons and Mrs. Sam M. Hunter of Bryan have been invited to speak on the program of the Creath Auxiliary annual meeting to be held at the First Baptist church in Navasota, October 5th. These ladies have accepted the invitation, and in company with other women from the Bryan Baptist church will attend the meeting. Mrs. Person's subject will be "Woman's Opportunity in Kingdom Building." Mrs. Hunter will speak on "Work of the Young People in Our Churches."

### A. & M. GRADUATE MAKES GOOD AT HASKELL SCHOOL

Interested friends in this city will read with pleasure the following clipping from Haskell, Texas. "M. B. Lebo, principal and science teacher is entering his second year in this capacity in the Haskell high school. He has proven himself one of the efficient high school principals in Texas, and is an efficient, conscientious and hard worker. He is doing great things for the Haskell high school." Mr. Lebo is a graduate of the A. and M. College and was married in Bryan to Miss Gussie Brockman, daughter of Mr. and Mrs. S. H. Brockman of this city.

### ROTARIANS WILL URGE A PERMANENT HIGHWAY POLICY ON BRAZOS CO.

In its regular session at 12:15 Wednesday the Bryan Rotary Club, after hearing the report of the highway committee and learning that Navasota had definitely secured the redesignation of State Highway No. 45 so as to pass through that city instead of Bryan, adopted a motion that a standing committee of three be appointed to co-operate similar committees from the Chamber of Commerce and the Lion's Club to formulate and lay before the people of the county for their adoption next fall a definite and permanent road building policy. President W. S. Barron emphasized the point that the time when Bryan can afford to be indifferent toward road matters has passed. An invitation from the Navasota Kiwanis Club to visit them at an early date was heard and accepted.

### Plea for Mosquito Control

A plea was made by City Manager E. E. McAdams that the people of Bryan take more to heart the matter of fighting mosquitoes, saying that a dengue epidemic this fall would be a calamity. Mr. McAdams said that the City Commission had voted to remove the metal-covered buildings which are situated on the east side of the tracks on property owned by the city and that this space is to be beautified, probably for a play park for children. Commissioner H. A. Burger and Manager E. E. McAdams are the committee appointed to look after this matter and have the plan carried out within the next 30 to 60 days.

Fred Malley of Laredo, county agent, was introduced as the man who discovered the so-called "Florida method" for the control of the boll weevil. Mr. Malley admitted this accomplishment, saying he did so when he was professor of entomology at A. and M. College in 1899. Little Miss Jean McAdams, accompanied by her mother, Mrs. E. E. McAdams, was present on the occasion and the little girl gave two readings which were enjoyed by the Rotarians. Oak McKenzie related the events and sensations of a trip the past summer to his boyhood home in Wisconsin. Mrs. J. T. Prescott, and daughter, Mrs. Robert Foster, Mrs. Dudley Brown, and Mrs. R. P. Siddall, all of Anderson, were introduced to the assembly.

### Steam Roller Working

V. H. Montgomery of A. and M. led the song, "Good-bye to Texas University," which was joined in with much spirit by the Rotarians. Rev. S. Moylan Bird was in charge of the musical program for the occasion. Upon motion, first Gabe Cazell and then Madison Hall were voted upon to lead a song, but the steam roller being in good working order, both were vigorously voted down. The early part of the program was in charge of W. S. Barron and the latter part in charge of E. E. McAdams.

### Those Present

Those present at the meeting were: D. L. Wilson, R. M. Dansby, Kay Haisell, Madison Hall, Fred W. Malley, V. H. Montgomery, Mayor Tyler Haswell, Walter Coulter, J. F. Casey, David Reid, Oscar Goolsby, Wilson Bradley, T. K. Lawrence, Dr. John W. Black, S. Moylan Bird, John M. Lawrence, Jr., Will McCulloch, D. X. Bible, C. C. Todd, C. H. Walker, Oak McKenzie, Charles Hillier, Clayton Beckwith, W. R. Fairman, M. E. Wallace, W. B. Cline, W. H. Lawrence, Horace Kraft, J. L. Reese, Douglas, Gene Vashinder, Gene Humbert, Bill Williamson, Sankey Park, Austin Burges, Gabe Cazell, E. E. McAdams, Milton Fountain, Forest Jones, Stuart McSwain, and Bill Davis.

### RAILROAD TRACKS REMOVED

The I-G-N tracks leading to the depot on the east side of the 28th street crossing are being removed. This is the result of order given by President Hamilton after a recent visit to Bryan. The removal of these tracks and the erection of wig-wag and bell signals on either side of the crossing will eliminate much of the danger there now is in crossing the tracks at that point.

### CHARGED WITH THEFT OF TAILOR MADE SUIT LODGED IN CO. JAIL

J. L. Gause, a 23 year old negro of Bryan, was arrested on the streets of the town Wednesday by Chief of Police W. S. Martin on the charge of stealing a suit of clothes. Gause is now in the county jail. It is alleged that May which had been sent into Bryan last as a parcel post package. It is supposed that he took it off a truck at one of the depots which had other mail on it. The suit was a tailor made article addressed to a negro living in the Brazos bottoms. Gause was arrested on suspicion about a month ago when seen wearing the suit but claimed he bought it. There being no good evidence contrary, he was released at that time. Gause has a criminal record, according to Sheriff L. E. Morehead.

### ACCOMPLICES IN ATTEMPTED JAIL DELIVERY DALLAS COUNTY SOUGHT

Officers Believe that Car, Supposedly Driven by a Woman, Which Encircled Dallas Jail Wednesday Night While Gun Battle Was in Progress Had Accomplices Wanted.

(By Associated Press).

DALLAS, Sept. 27.—Peace officers of Dallas and nearby counties today are seeking the several persons believed involved in an unsuccessful attempt to liberate prisoners in jail here last night in which Charles E. Gaines, condemned postal bandit and Deputy Sheriff Willis Champion, assistant jailer, were killed and Sidney Welk, convicted slayer was wounded. An automobile said to have been driven by a woman, which circled around the jail building while the gun battle between officers and prisoners was in progress, is sought by officers who expressed the opinion that accomplices escaped in it. Welk steadfastly refused to talk this morning.

### REV. T. C. JOHNSON ANNOUNCES INTENTION TO RETURN TO IRELAND

News has been received in Bryan that Rev. T. C. Johnston, D. D., a prominent Presbyterian minister of Houston, Texas, and who has a great many friends in Bryan, expects soon to return to his old home in Belfast Ireland, there to remain permanently. For many years Dr. Johnston most efficiently filled the position of evangelist for Brazos Presbytery and accomplished a great work in that capacity. He has often visited and preached in Bryan, where he has made many warm friends who will regret to learn that he is to leave Texas. But it is assured that Dr. Johnston will visit Bryan one more time before he leaves for his home in Ireland.

### FIRE DESTROYS TRUCK FOR STEPHAN COMPANY

A delivery truck belonging to the Stephan Bottling Works was destroyed by fire about 2 o'clock Saturday afternoon 4 1-2 miles out on the Steele's Store road. A spark resulting from a short circuit is thought to have been the cause. The loss was \$750, partly covered by \$500 insurance. The driver was Lee Sausage.

### DEATH OF MRS. SALLIE PATTERSON IN WACO

Bryan friends will learn with regret of the death of Mrs. Sallie Patterson, at the home of her daughter Mrs. Florence Fink, in Waco, Saturday evening, September 22nd, at 10 o'clock. Alf Patterson of Bryan, the only son of Mrs. Patterson, was called by telegram to Waco on account of the illness and death of his aged mother. On September 28, 1923, Mrs. Patterson would have reached her 84th year. She has been in good health for one of her years, and was only ill a few hours. Deceased was the wife of Mr. Charlie Patterson, and the family resided in Bryan for many years. All the children in the family were born and reared in Bryan and a host of friends here mourn with the bereaved in his sad hour, in the loss of the dear good mother. Four daughter and one son survive. Mrs. Florence Fink, Mrs. Mollie Potts, Mrs. Fanny Montgomery, Mrs. Sallie Webb Brogdon, all of Waco, and Alf Patterson of Bryan. The funeral was conducted from her late residence in Waco Sunday afternoon with interment in the Waco cemetery.

### THERON P. REMY LEAVES COLLEGE TO WORK WITH HORTICULTURAL BOARD

Theron P. Remy, assistant professor entomology, A. and M. College, for the past two and a half years, has accepted a position with the Federal Horticultural Board, with headquarters at Houston. Mr. Remy will leave Bryan some time this week and he carries with him the best wishes of a host of friends, for success in his new field of endeavor.

Mr. Will leaves Bryan on Saturday to assume his duties with the San Antonio establishment. While in Bryan Mr. Will has made many friends both socially and in business, who wish for him success in his new field of endeavor and regret to lose him as a citizen.

## BRYAN WEEKLY EAGLE

Entered at the postoffice at Bryan, Texas, April 23, 1912, as second class matter under act of congress March 3, 1879.

**RATES—DAILY**  
Three months ..... 2.25  
Six months ..... 4.00  
One year ..... 7.50  
**WEEKLY EAGLE in Brazos County**  
\$1.50 per year; six months, \$1.00.

**MEMBER OF ASSOCIATED PRESS**

**A. AND M. NEEDS PRESSING TWENTY-FIVE YEARS AGO**

In looking through the files of the Eagle for twenty-five years ago this week we ran across a front page appeal made by the editor at that time to the Texas Legislature for more dormitories and other equipment for the students at A. and M. College. From this it would seem that the pressing need for new buildings at this great school are no new thing. In fact, though many students will have to be out in tents for a time this year, it does not seem from this earlier account that conditions are as bad now as they were then. That account said there was not room for half the boys who sought admittance. Though the Texas Legislature and the people of Texas are not yet sufficiently impressed with the need of better equipment at A. and M., it seems they are at least more impressed with this need than they were twenty-five years ago. "Book-farming" was held in mild contempt by many in that day but in this day it has come into full public favor. Likewise, Texas was then a strictly agricultural State and saw little need of instruction in things mechanical. New Texas is more of an industrial State and mechanical courses are all so more in favor. Give the people time—they will appreciate A. and M. some day.

### CAP. BULL JOHNSON

With the announcement out of College Station several days ago that Miller would be unable to play this year, it was almost a foregone conclusion that his mantle would fall on Bull Johnson, the outstanding star of Bible's line-up last season, and a young man whose demerit playing at guard has forced veteran critics to line him up in ability alongside stars of all-time at his position—with Hooker and Jordan and Cretcher Parrish. This Beaumont boy plays his third year for the Aggies this season. In his opening year on the varsity he was misplayed in the backfield and at best was but a third-rate player. Bible had plenty of linemen. He had no need of using Johnson at guard and he did need backs. Last fall it was a different story. The veteran line was shot to pieces and Johnson moved into it to plug it up. He did more than plug it—he made it. The third-back was a fighting star at guard. He was a defensive team in himself and he raged like a mad bull of Bashan through the Texas and Baylor games.

Miller, a willing star who had sacrificed much for his team, deserved his captaincy, but now that he is out of it, the Aggies have picked the man who belongs in the lead.—Dallas News.

### CITY MANAGER GOVERNMENT MAKES GOOD IN BRYAN

From the eighth year book of the City Managers Association published in September, 1922, we take the following: "Bryan, Texas, population 6,307, adopted City Manager form in 1917, manager E. E. McAdams. "The City of Bryan not only held expenditures below estimates during the past year but retired \$30,000 worth of its bonds, half of which were utility bonds which were paid out of earnings from the municipal power, light and water plants. About one mile of mains were laid, also out of utility earnings. Ten miles of dirt street were graded and culverts put to take care of drainage. The people voted \$67,000 in paving and school bonds."

### FIRE PREVENTION

October 6 to 13 is fire prevention week. In that week public spirited citizens will seek to call attention to the need of common-sense precautions against fire. One of the best of these precautions is cleaning up one's premises. Trash in the back yard where the children are likely to play with fire, stray sheets of newspaper and loose matches which rats can carry off to their nests, oil drippings on the floors of business houses where the ever-present cigarette stub is likely to be thrown away, and all other such dangerous combinations should be removed without waiting for fire prevention week and they should be kept removed twelve months in the year. Fires are easy to prevent but mighty hard to put out. Let's have fewer of them.

### A REAL COMMUNITY LEADER

As the Saturday Evening Post puts it: "The theory that the reader makes the newspaper does not absolve the editor from all responsibility. It is a cowardly pinhead attitude. The people really demand editorial leadership in all public affairs as much as an army demands generals. With good leadership the people will do what is right. With bad leadership they will go wrong. With no leadership they will blunder along and go wrong as often as they go right. Leadership is in the individual, not in the leaderless multitude. The editor of the country paper or small town daily is the real community leader today as never before. He is closer in touch with the community consciousness than any other, and mostly molds it right."

The man who says, "I would advertise but I haven't the time to write the ads" might just as sensibly say "I need some new stock but I am too busy to order it."

### CONDITION AT A. AND M.

The tent colony at Texas Agricultural and Mechanical College will be in evidence again this year, as a result of the enlarged interest in education among Texas youth, and of the failure of the legislature to make ample provision for this institution.

The influx of students has overflowed available dormitories, but Dr. Bizzell very commendably declares no young man of this State shall be denied the privilege of attending the college because of a lack of housing facilities. Living quarters again will be improved with tents for possibly 300 men.

The legislature could not spare the funds necessary to provide for the growth in attendance at this old institution, which is rendering a distinct service to the State. The people demanded economy. But the legislature at the same time could spare \$1,000,000 for a new institution of doubtful service in West Texas.

There is money for an institution in the semi-arid farming and ranching section of the State to offer instruction in technological subjects, but not sufficient money to provide for the institution that offers instruction in farming, stock raising and mechanical branches, to young men from all sections of the state.

Three hundred or more Texas boys will put up with the inconveniences of camp life while West Texas gets her pork, which, it appears, is not so palatable as was anticipated.

The situation at College merely emphasizes the unwisdom of establishing new institutions before completing an educational survey of the state, which would reveal accurately the educational needs.—Houston Post.

### FACTS ABOUT TEXAS

In 1899, the total crop production of the 17 Southern States, was valued at \$1,104,531,000. Twenty years later, in 1919, Texas produced over one billion dollars' worth of farm products, or just a scant thirty millions less than the whole group of Southern States produced in 1899 or nearly one hundred fifty million more than all other fifty Gulf States Louisiana, Mississippi, Alabama and Florida!

Although Texas is supposed to be a new state, yet its population are 75 per cent native born. In 1860, the whites outnumbered the negroes in Texas a little more than two to one. In 1920, the white outnumbered the negroes in Texas over five to one. (Yet, some of up fear "negro domination." Foolish children we be!)

You could place within the boundary of Texas, Arkansas, Georgia, Mississippi and Louisiana, and have enough land left to make twenty Districts of Columbia, yet there are over eleven millions of people in these states and only five millions in Texas!

Texas produced more farm crops in 1919 than Alabama, Florida, Louisiana, Mississippi and Maryland, yet their population exceeded Texas' population by nearly four million people. Stay in Texas.—Texas Commercial News.

### LEARN BRYAN STREETS

Do you know that the average newcomer of one month's standing knows more about the street names in Bryan than the average resident of five years' standing? Do you know that folks sometimes come in to the Eagle office to tell us near what cross streets they live and can do no better than tell us, "I live two doors south of Mr. So and So's." A new resident of Bryan living on Washington street who has been here but a short time recently wanted some hauling done, and—what do you know?—the transfer man didn't know where Washington street is but had to be told that his customer lives next door to Mr. So and So. Bryan has a simple system of naming streets. Let's all learn it and know where we live.

Fear, hope and disappointment. In these three words is written the life of man.—Ibsen.

### HORSE VS. AUTOMOBILE

Oh, horse, you are a wonderful thing; no button to push, no horn to honk; you start yourself, no clutch to slip, no spark to miss; no gears to strip; no license buying every year, plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away; no speed cop chugging in your rear, yelling summons in your ear. Your inner tubes are all O. K. and thank the Lord they'll stay that way; your spark plugs never miss and fuses; your motor never makes you cuss; your frame is good for many a mile, your body never changes style; you're wants are few and easy met; you've something on the auto yet.—Ex.

### "THE BAT" TO TEXAS

Producers of the world-famous mystery play "The Bat" which will be seen for the first time in Texas during the coming season announced that owing to the tremendous popularity of the play, it will be continued as a touring attraction for at least two years and positively will not be seen either in stock company theatres or in motion pictures for that length of time.

## FORTY-EIGHTH ANNUAL SESSION TEXAS A. AND M. COLLEGE OPENS

**Railroad Commissioner Walter Splawn Makes Chief Address of Morning—Says That This is an Industrial Age Requiring That Every Man Be a Specialist in His Chosen Line.**

(Special to Bryan Eagle).

COLLEGE STATION, Sept. 21.—Following an address by Dr. Walter Splawn, railroad commissioner of Texas and words of condolence, advice and sympathy to the freshmen by himself President W. B. Bizzell formally declared the forty-eighth annual session of the A. and M. College of Texas at its beginning with exercises in Guion Hall this morning. He did so with expressions of appreciation for the opportunities for enlarged service now before the institution by reason of the unprecedented enrollment and announced the plans and preparations of the College to discharge this recognized obligation. Among the preparations he mentioned were the organization of a new school of Vocational Education and the creation of new departments, the enlistment of the executives in the history of the institution, and under the head of plans he promised the students now in the tents that if they would only be patient and persevering for a few days he would have provisions made to house them in more comfortable quarters, advising that carpenters were now being employed for the work of providing barracks.

### RELIGIOUS WORK ORGANIZED.

Another plan that he elaborated with a minuteness of detail and an emphasis of comment was the organization for moral and religious work on the campus the coming year. The names of the chief executives, teachers, athletic coaches and all the officials of the college having close contact and holding the confidence and admiration of the students were announced as the force that will devote themselves to assisting the students in Bible study this year. After reading the list President Bizzell made the comment that he felt conscious of having the honor of announcing a list of men as Sunday School teachers which would not be felt by another college president in the land. Dr. Walter Splawn was introduced by President Bizzell as one of few men holding high political office by virtue of special fitness.

Remarks by Splawn. The part which the Agricultural and Mechanical College of Texas as well as similar schools will play in the future industrial development of the nation was outlined by Dr. Walter Splawn, member of the state railroad commission, in his address at the opening exercises of the A. and M. College today.

Commissioner Splawn declared that Texas in the future will be a leader among other states not only in agricultural pursuits but in industrial and commercial activities. He said that upon the shoulders of trained technical experts instructed in the colleges and universities will fall the task of meeting the industrial and commercial problems which the state will face.

Swift March of Progress. "The industrial revolution which started in England a century and a half ago has played an important part in the development of our nation and state," Doctor Splawn said. "It is difficult for us to realize that only a hundred years ago Americans began their migration into Texas. Within the memory of this generation, free land disappeared in this state."

"Two types of farmers migrated to the states: one the commercial farmer, who was interested in growing staple crops for market; the other, the self sufficient farmer, who tilled his land primarily to grow things that his household would need and consume. The industrial revolution resulted in many changes not only in agricultural pursuits, but also in the manufacturing pursuit. Labor saving machines were invented and with these came the development of great factories and the development of large cities."

"These changes in turn brought the realization that men must be trained to man the great factories and to meet the problems of an industrial society. It was further realized that if the farmer was to be a specialist, he would have to have a training to fit him for his work. This has been the cause of such great institutions as the Agricultural and Mechanical College here."

"The call of the nation today is for specialists. Farmers who are specialists, electrical engineers, civil and mechanical engineers. Likewise, there is the demand for organizers for these specialists. Recent investigations tend to show that production in some of the leading industries is only 50 per cent efficient and that it could be doubled without adding a single laborer but merely through improving business organization."

"Texas will always lead in agriculture, because we have the land," Commissioner Splawn concluded. "Moreover, Texas with her 16,000 miles of railroads, with her increasing port facilities, with her vast supplies of natural resources, is destined to become one of the leading industrial and commercial sections of the entire country."

### THE A. AND M. OPENING

Bryan welcomes the opening of the forty-eighth annual session of A. and M. College and takes pride that our great state institution has this year passed all previous attendance records. We feel confident that its good influence will be proportionately extended. A. and M. trains in definite things and its influence is yearly widening. We hope to see this year more successful than any it has heretofore known.

### RUCHTI-LERO WEDDING

Mr. and Mrs. Frank Lero Sr. announce the marriage of their daughter, Mary, to Frank Ruchti at the St. Joseph's Catholic church Sunday afternoon at 4 o'clock, Father J. B. Gleissner performing the ceremony. Witnesses at the wedding were Miss Mary Sobotik and Chas. Opresteny. A large number of friends and relatives attended.

## STEELE STORE SUPPER MADE GREAT SUCCESS WITH AID FROM BRYAN

(Special to Bryan Daily Eagle). STEELE'S STORE, Tex., Sept. 24.—Last Saturday night the Steele's Store community held a box supper, for the benefit of the school. One of the largest crowds that has gathered in this community for years was present, taxing the hall to its capacity.

The box supper opened with Y. N. Barron as auctioneer who sold many of the beautiful boxes, and made a reputation in selling one box for \$9. County Agent C. L. Beason relieved Mr. Barron and sold box after box and it was rare that any of the boxes brought less than \$5. Secretary S. E. Eberstadt relieved Mr. Beason as auctioneer, and sold a small cake for \$12.50, and brought the audience to its feet with applause when he made the second cake bring \$88.05. A card board with pipe, tobacco, etc., was sold for the ugliest man, and was won by Y. N. Barron and brought \$7.55; Mr. Barron accepted the honor and stated that the reason that he won was because the women couldn't vote. Miss Lena Degelia won the cake for the most popular young lady. The proceeds for the box supper amounted to \$265, which will be used for the benefit of the school. It was a highly enjoyable entertainment and Barron, Beason and Eberstadt as auctioneers added great fun as they jollied the crowd and at the same time separated them from a good purpose for the building up of the community and school. These gatherings bring the people together and these evenings build up a wonderful "community spirit." Let's have another such evening soon.

The community appreciates the great assistance of County Agent C. L. Beason, Home Demonstration Agent Miss Laura B. Roten, and Secretary of the Chamber of Commerce S. E. Eberstadt, who were all with us on the occasion.

### McMICHAEL-TURNBULL WEDS

The following announcement from Los Angeles, California, will be of interest to Bryan people: "Mr. and Mrs. Bramwell A. Turnbull announce the marriage of their daughter, Mona, to Mr. George W. McMichael on Sunday, August 26, 1923, at Los Angeles, California." All of the persons mentioned in this announcement are well known in Bryan. Mr. McMichael was born and raised in Bryan and once held a county office here. Mr. and Mrs. Turnbull are well known and liked.

### OF INTEREST IN BRYAN

The following news clipping will be read with interest by many friends of Col. and Mrs. Moses in Bryan and at College Station, where the family formerly resided: "Col. and Mrs. Andrew Moses and their daughter, Miss Kathleen arrived yesterday to spend a week with Col. Moses' niece, Mrs. Dave Reed. The family is en route from Washington, D. C., to Col. Moses' new station in the Philippines."—Austin American.

### JENNY JUNE HOWELL HOSTESS AT LUNCHEON ON SEVENTH BIRTHDAY

(From Saturday's Daily). Jenny June Howell, the attractive little daughter of Mr. and Mrs. R. W. Howell, who is spending the winter with her aunt and uncle, Mr. and Mrs. W. S. Howell on College Avenue, was hostess at a luncheon today at one o'clock in honor of her seventh birthday. A dainty luncheon table, just the height for the little guests, and tiny chairs around it made a picture of loveliness as the guests of the occasion were invited into the spacious dining room. Pink was the chosen color for the decorations and was also carried out in the five course luncheon menu served. In the center of the table was the ever beautiful birthday cake containing the hidden treasures of fortune. From the cake, floated out on silver threads seven pink balloons one for each year of the happy life of Jenny June. Pink candles in rose cups gave a soft light and reflected in the happy faces of the children as they enjoyed to the fullest the pleasures of the happy day. After luncheon the party went to the picture show where they completed in unalloyed delight the pleasures of a perfect day. These present were: Jenny June Howell, Frances James, Sue Wright, Margaret Higgs, Louise Dyer, Lucy Parks, Margaret Ann Fairman, Katherine Felker, Pauline Davis, Lurline Kraft, Bettie Brewster, Patience Chance.

## SUNDAY SCHOOL CLASSES ENJOY DELIGHTFUL OUTING FISH POND VICK'S PASTURE

(From Saturday's Daily). The Sunday school classes of Mrs. Charles Holmes and Mr. T. A. Cloud enjoyed a delightful outing last evening at the Fish Pond in Vick's pasture, south of Bryan. At six o'clock they left Bryan in cars, and were soon assembled around a blazing camp fire, where a camp supper was prepared and enjoyed as only camp suppers are. Mr. and Mrs. Charles Holmes, Mr. and Mrs. T. A. Cloud and Mrs. James Ramsey were the chaperones and the guest list included: Misses Vera Ramsey, Charles Wheeler, Velma Brown, Vera Halbrook, Louise Brown, Rachel Cabiness, Bessie Scott, Catherine and Mary Bess Mitchell, Josephine Coleman, Jewell Sowarby, Messrs. Perry Ferguson, David Mize, Ewell Wheeler, Milton Franklin, Nelson Ramsey, Elbert Spiller.

## MRS. HOWELL LEAVES FOR MEACHUM FUNERAL

(From Saturday's Daily). Mrs. J. R. Howell left this morning for Anderson to attend the funeral of her brother, William Winfree Meachum Jr., who died in Austin Thursday. Mr. Howell was assistant attorney general and died of an acute attack of Bright's disease. He was well known in Bryan. Mr. Howell has been connected with the State's legal department for three years. Funeral services will be held at 3 p. m. Sunday.

## DISTINGUISHED MAN VISITS EAGLE OFFICE

W. M. Florer, circulation manager of the Dallas Morning News, was in Bryan and College Wednesday for the purpose of placing his son, Cornelius, in the A. and M. College. While here he was the guest of Prof. W. L. Harrington. Mr. Florer is the international president of Manager of Circulation, and was at one time head of the Odd Fellows in Texas. While in Bryan he paid a short visit to the Eagle. This was Mr. Florer's first visit to Bryan and College, and he was very much pleased with both. A. and M. College, he said impresses him as the best school in the State for boys.

## T. C. WEBB, WACO INTERNAL REVENUE COLLECTOR IN TOWN

(From Thursday's Daily). T. C. Webb of Waco, with the Internal Revenue Department, is in Bryan looking after the delinquent tax list. He has his office in the Chamber of Commerce rooms. Mr. Webb has set Monday, Tuesday and Wednesday of next week as days of hearings for those who have received notification. Mr. Webb is no stranger in Bryan as he is a graduate of A. and M. College of the class of 1905. At that time David F. Houston was president of the College.

## REV THOMPSON PASTOR FREE BAPTIST CHURCH ACCEPTS CHURCH CALL

Following the prayer service on Wednesday night at the Free Baptist church, the church membership held their annual business meeting at which time a unanimous call was given Rev. C. B. Thompson as pastor for the ensuing year. Rev. Thompson has accepted the call and enters upon his fourth year as pastor of the church. Under his leadership the church has prospered and grown, all the departments now in a most flourishing condition. Not only has Rev. Thompson the love and confidence of his own church people but is respected and honored by the entire community. The Eagle, with the other friends, rejoices to know Rev. Thompson will again be in Bryan doing the Master's work.

## COTTON RECEIPTS IN BRYAN REACH 11,231

Cotton receipts in Bryan to the close of business Thursday amounted to 11,231 bales exclusive of that received by the Bryan Compress Company. Reports from the several warehouses are as follows. Eden gin 1,026, including 844 round bales counted as half bales, Lawrence-Parker warehouse 5,065, Farmers' Union warehouse 5,140.

## INTERURBAN RAILWAY LINE CROSSES THE I-G. N. TRACKS

The car tracks of the Bryan-College Traction Company have passed the I-G. N. tracks at College and are waiting only for necessary crossing material before running the cars closer to the main driveway. By the time the crossing is received, said President Eugene Edge, the track will be laid as far as the road which runs in front of Dr. Bizzell's house.

## RAINFALL SINCE SEPT. 3 MORE THAN 6 INCHES

Rainfall between 8 a. m. Thursday and 8 a. m. Friday was .67 inches, according to the government rain gauge kept by the George A. Adams Insurance Agency. This made a total of 6.76 inches since the beginning of the wet spell on September 3, or more than had fallen between that date and April 20.

### EBERSTADT GETS RESULTS

AUSTIN, Tex., Sept. 21.—A charter was granted today to the Center Building and Loan Association. Center; capital stock \$500,000. Incorporators: T. W. Smith, J. S. Kennedy O. L. Williams and others.

## MILLICAN COMMUNITY STAGED ANNUAL FAIR ALL DAY WEDNESDAY

(From Thursday's Daily) The Millican community staged its annual fair Wednesday and Wednesday night. All the usual classes of exhibits—agricultural, culinary, plain and fancy sewing, poultry, hogs, canned goods, etc. The individual exhibit of J. D. Steele was quite striking. He had on display 104 varieties of agricultural products. In the afternoon there was a rodeo in which about a half dozen men tried their powers at riding frisky animals. At six o'clock there was a barbecue. In the evening there was a band concert, ostensibly by the Navasota band but the instruments were manned largely by A. and M. boys. Toward the close of the evening pies and cakes were auctioned off by Secretary S. E. Eberstadt to defray the expenses of having the band. The affair was largely attended by both Bryan and Navasota people.

Bryan folks seen at the fair Wednesday night were: Secretary S. E. Eberstadt, County Agent C. L. Beason, C. S. Beckwith, R. C. Franks, E. M. Dodson, Miss Corrie Suber, Will Saunders, Mrs. Dora Wilson, Mr. and Mrs. E. C. Elliott, A. W. Buchanan, Mr. and Mrs. Austin E. Rogers, M. P. Elliott, and W. E. Ross, P. S. Mangum and George Nebalek. Miss Pauline Owens, home demonstration agent of Grimes county, was also a visitor.

## FRANKLIN PRISONERS MAKE GETAWAY WHILE SHERIFF IS IN BRYAN

(From Thursday's Daily) While in Bryan Wednesday before the Brazos county grand jury, Sheriff D. E. Thompson of Franklin, Robertson county, received notification that three negro prisoners had broken jail at Franklin and escaped. One of the negroes was wanted in Brazos county by Sheriff L. E. Morehead on a charge of burglary, having recently broken in the home of John Vick and stole a gold watch.

## AMBULANCE SERVICE BRYAN AND VICINITY

(From Thursday's Daily). Oliver J. Parks of the E. F. Parks & Co. has just returned from Dallas with a twelve cylinder Weidley motor combination ambulance and pall-bearers coach, equipped with a Baumgarten ambulance cot and all other comforts and conveniences that enter into the making of thoroughly modern equipment. This added feature will serve to make this establishment one of the most complete in this entire section and is designed to serve Bryan, College, Brazos county and vicinity at exceedingly reasonable rates.

## DENGUE EPIDEMIC IS VERY LIKELY ASSERTS BRYAN CITY MANAGER

(From Thursday's Daily). Adding his voice to that of Health Officer W. S. Bizzell, City Manager E. E. McAdams calls attention to the strong probability of a dengue epidemic in Bryan as a result of recent rains and the presence of dengue in other towns. Dengue mosquitoes are very domestic and can breed in the smallest amount of water that can last through their period of incubation, said Mr. McAdams. He further said that, as a rule, each family is responsible for its own mosquitoes, as dengue mosquitoes do not travel very far from where they were hatched. He recommended that every can have a hole punched in its bottom before it is thrown out.

## WELLBORN NEWS ITEMS

Mr. and Mrs. Parker Carroll and Milton Lee of Bryan were here Sunday.

## FIRE PREVENTION WEEK TO BE OBSERVED HERE

Fire prevention week will be declared in Bryan as elsewhere for October 7-13. The observance of fire prevention week has become a national event. In many states the governors call for the observance of the week by proclamation. It is expected that the governor of Texas and the mayor of Bryan will issue proclamations this year, according to City Manager E. E. McAdams. According to Fire Chief C. E. Jenkins, the firemen on that week will inspect for fire hazards all places of business, the warehouses and gins of the town, the schools, and other public places. The object of this designated week is to call attention to the possibility of preventing fires and thereby save much property.

All negro teachers are urged to take notice and make arrangements to attend.

### KROMER-ROBINETTE WEDS

(Special to Bryan Daily Eagle)  
WELLBORN, Tex., Sept. 26.—A beautiful wedding took place at the home of Mr. and Mrs. J. P. McNair of Wellborn on the evening of September 22nd at 7 o'clock, when Miss Rosa Belle Kromer, daughter of Mr. and Mrs. J. F. McNair became the bride of Ernest Robinette of Goose Creek. Rev. J. J. Pipkin of Bryan performed the double ring ceremony. The home was attractively banked with ferns and roses. The bride entered with her father, by whom she was given in marriage. She was charmingly dressed in beige cloth or canton gown adorned with chintilly lace and pearl ornament. A filmy tulle veil was becomingly adjusted with a coronet of pearls and orange blossoms in princess fashion. She carried a shower bouquet of bride's roses and lace fern. A reception was held at the home of the bride's parents after the ceremony for the relatives and friends. The home was beautifully decorated with ferns and roses. During the evening a supper was served. Mr. and Mrs. Robinette left during the evening for a trip to Houston, upon their return they will be at home at Goose Creek, Texas. Out-of-town guests for the wedding were: Mr. and Mrs. J. D. Steele and Mrs. John Cory of Millican, Mr. and Mrs. Ben Youngblood of College Station and Mrs. Pipkin and daughters of Bryan.

## REV. KING VIVION IS URGED AS PASTOR

The Methodist commission, composed of Rev. R. C. Hicks, Wolfe City; Rev. Alonzo Monk, Corsicana; George W. Walling, Austin, and Rev. P. T. Ramsey, Huntsville, met at College Tuesday. Rev. King Vivion pastor of the Methodist tabernacle was unanimously recommended for re-appointment as pastor. They also expressed themselves as being well pleased with the tabernacle and will push the collection of funds for paying off the debt incident to its construction. They plan next to build a parsonage. The membership of the Methodist tabernacle now is 120, but that number is expected to be doubled next Sunday, according to Rev. King Vivion.

Owners of horses and blooded stock are large users of Liquid Bozozone. It heals wounds, festering sores, barbed wire cuts by a mild power, that leaves no disfiguring scar. Price, 30c, 60c, and \$1.20. Sold by all druggists.

## GRAND JURY STRESSES SUNDAY-CLOSING LAW

(From Thursday's Daily)  
The Brazos county grand jury adjourned Wednesday afternoon at 5 o'clock after a session of three days. They investigated 40 charges and found true bills in 24 felony cases and one misdemeanor. Time for the trial of the several cases will be set October 1 at the beginning of the criminal docket.

The grand jury, in their report, said that they found conditions in Brazos county in a fairly settled condition. They commended county officers for their efforts at enforcing the laws of the state particularly the Sunday closing law. The report states that the members of the grand jury can see no reason why any distinction should be made between the enforcement of this law and any other. The following were the members of the grand jury: E. U. Peters, foreman; J. W. Hall, W. O. Holmes, Claude C. Morgan, Fred L. Cavitt, J. W. Burrows, Roy Robinson, Jim To. bias, Albert Payne, C. E. Locke, Will Henderson and T. A. Adams.

W. S. Mial was in Bryan Saturday on business from his home in the Brazos Bottom.

## 666 Cures Malaria, Chills and Fever, Dengue or Bilious Fever. It destroys the germs.

**TIERED FEELING  
SURE SIGN OF  
TORPID LIVER**  
Touch Up Liver Tonight With Pepsinated Calomel—Tired Feeling and Biliousness Will Be Gone By Morning.  
Nothing kicks back so quickly as a disordered liver. Pepsinated Calomel will give quick relief by thoroughly stimulating both the liver and kidneys, thus eliminating the poisons that are doing so much damage.  
Calomel is recognized as practically the only medicine that will reach the liver. Others may relieve constipation, but they fail to touch the real cause of the trouble. However, ordinary calomel is so drastic in its action that many have deprived themselves of its liver cleansing power until they became acquainted with Pepsinated Calomel, which is not ordinary calomel. Because of its fine English Calomel it cleanses the liver thoroughly with no discomfort. It cannot nauseate or gripe. M. H. James Dg. Co., and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—we guarantee you'll feel better tomorrow. (Adv.)

**Weak Back**  
Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago... I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of  
**CARDUI**  
The Woman's Tonic  
and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that, when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."  
If you are weak and suffering from womanly ailments, Cardui may be just what you need. Take Cardui. It has helped thousands, and ought to help you.

## TWO TABOR BOYS ENTER BRYAN HIGH SCHOOL

(Special to Bryan Daily Eagle)  
TABOR, Tex., Sept. 26.—James Huggins and Tom Ayres, prominent young men of the prosperous community of Tabor are members of the student body of Bryan high school. Both men have made splendid records in athletics, as well as literary work. We hope as athletes they will win as much for Bryan as they have for Tabor. The community regrets to lose these worthy young men, but Tabor's loss is Bryan High's gain.

## METHODIST PHILATHEA OFFICERS FOR YEAR

(From Tuesday's Daily)  
The Methodist Philathea Sunday School class met Monday night at the home of Mrs. S. E. Eberstadt. In the election of officers Mrs. J. N. Goodwin was unanimously elected teacher by acclamation. Mrs. O. O. Henderson was made president, Mrs. H. R. Brayton vice president, Mrs. Nell Cole second vice president, Mrs. S. E. Eberstadt treasurer, and Mrs. John Seelye Caldwell secretary. Mrs. Dona Carter was appointed reporter for the class. Following the transaction of business a social half-hour was enjoyed. Grape juice and angel food cake were served as refreshments.

## ANNUAL MEET BAPTIST AUXILIARY BRAZOS CO.

The annual meeting of the Brazos County Baptist Auxiliary will be held with the Bryan church October 11th to October 14th, inclusive. Dr. J. C. Hardy, president of Baylor College at Belton, will preach the opening sermon Thursday night, October 11th at the First Baptist church. The local Baylor College Club will sponsor this meeting of the Auxiliary and will add their interest and enthusiasm to make of the program one of more than usual pleasure and profit. Mrs. J. E. Williams of Austin, president of the Austin District, W. M. U., will be another distinguished visitor to the Auxiliary meeting, and will speak to the women of the Auxiliary on the subject of organized work in the Master's kingdom. The public generally will be interested in hearing these speakers, and others on the program and everybody will be cordially welcome.

(From Tuesday's Daily)  
Arnold Thompson, the 1 year and 10 months old son of Mr. and Mrs. W. Thompson on College Avenue, died at 6:30 p. m. Monday. The funeral will be held today at Willow Hole Cemetery.

## BRYAN DOKEYS HAVE BANQUET MON. NIGHT

(From Tuesday's Daily)  
The Bryan D. O. K. K. club met Monday night at 8 o'clock at Kaufman's Cafe where an excellent banquet was served to the following dozen members: I. Maniloff, Jeff Cole, M. F. Dansby, Dick Fain, J. F. Barr, E. Y. Harpole, Guy F. Boyett, L. E. Morehead, G. D. Brown, C. S. Beckwith, Sam Kaufman and C. A. Tardy. It was decided to resume this usual monthly luncheon or banquet feature, and at the October meeting for each member to bring his wife or other lady guest. Also steps were taken to begin a campaign for new members to be initiated at the fall ceremonial to be held in Houston in November.

For skin eruptions, rash, chafed skin, prickly heat, chigger bites and stings of poisonous insects, Ballard's Snow Liniment is an effective application. It heals quickly. Three sizes, 30c, 60c, and \$1.20 per bottle. Sold by all druggists.

## ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed—Perfectly Tolerated—Called "Calotabs."  
The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calotabs, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.  
In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles, calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.  
Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family packages, ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.

## NEW BORN BABE FOUND BY SCHOOL CHILDREN ST. JOSEPH'S SCHOOL

(From Friday's Daily)  
A newly-born baby was found dead in the cloak room of St. Joseph's Parochial school this morning about 7:30 by school children as they were entering. The child was wrapped in a piece of sheet and covered with a cotton picking sack and lying in a wooden macaroni box when found. When Sheriff L. E. Morehead arrived the child was dead but it is believed from the position it held that it was alive when carried there. The body has been prepared for burial and will be buried at the poor farm.

Sheriff L. E. Morehead asserts that in his opinion the baby was an Italian child, and was brought there alive earlier in the morning by a person driving a mule to a buggy who hoped that the baby would be adopted. He bases this opinion on the general appearance of the child and the fact that it was in a large macaroni box, on its posture in the box, on the tracks made by the vehicle and the animal drawing it, and the fact that what seems to have been a live child was brought to a Catholic school, and there deposited with some care. Its death, he thinks, was caused by the cold morning.

## MRS ASTIN AND MISS CASTLES RETURN FROM TOUR THROUGH EUROPE

(From Tuesday's Daily)  
Mrs. J. E. Astin and Miss Juliett Castles have returned from a lengthy trip to Europe. They went from Waco with the Armstrong touring party. Returning by way of New York, they spent two weeks in that city in company with Mrs. Astin's sister, Mrs. Mabel Castles. Their tour took them through nearly all the European countries. The most up-to-date countries they found in Europe, Mrs. Astin said, are Sweden and Denmark. They happened to be in Sweden when the International Prohibition Congress was in session and there they saw the celebrated American, Volstead.

Germany, Mrs. Astin said, is a land of poverty. They exchanged one American dollar for 3,000,000 German marks. At Gutenberg they found an international fair in which exhibits from Texas, draped with Texas and American flags, were on display. France, Mrs. Astin said, was by far the hardest hit of the European countries by the World War. A strip of territory in the neighborhood of Rheims 40 miles wide was devastated, she asserted, but much of the territory has been rebuilt and work on the remainder is in progress. Paris, she said, is a most beautiful city, for the artistic temperament of the French people would not permit it to be otherwise. Their party happened to be in France on decoration day for the graves of American soldiers. The whole of Belleau Wood has been dedicated to Americans, she said.

Rome, Mrs. Astin said, is possibly the most interesting of the European cities. A short visit to that city, she averred, will impress one that there is nothing new—pre-Christian days. The art galleries and museums of Rome, Paris and other great European cities constitute much of the attraction that these cities hold, she said.

## CRIMINAL CASES TO COME BEFORE COURT WITH TIME OF TRIAL

(From Tuesday's Daily)  
The following is the list of criminal cases set for the October term of the district court:  
Monday, October 1, State vs. R. E. Lee, transportation of intoxicating liquors; State vs. Thurman Crenshaw, forgery; State vs. Eddie Berry, arson, burglary and felony theft; State vs. Joe Castoria, transporting liquor, burglary, and felony theft; State vs. Oscar Bowen, driving automobile while intoxicated.

Tuesday, October 2, State vs. A. J. Martin, transporting intoxicating liquor; State vs. Ed. Brown, transporting intoxicating liquor.

Wednesday, October 3, State vs. D. E. Wright, transporting intoxicating liquor; State vs. William Scott, J. F. Fletcher, Tom Thompson, D. E. Wright, H. H. Buffalo, M. T. Jones, and L. Z. Jones, assault with prohibited weapons.

Monday, October 8, State vs. Lamar Bagley, transporting intoxicating liquor. Tuesday, October 9, Robert Thomas, manufacturing intoxicating liquor; State vs. Charley Ward, manufacturing intoxicating liquor; State vs. Peter Zulowski, manufacturing intoxicating liquor.

Wednesday, October 10, State vs. Lillie Henderson, assault with intent to murder; State vs. Henry Armstrong, manufacturing intoxicating liquor.

Thursday, October 11, State vs. Kiser Bullock, burglary.

The jury for this week has been dismissed.

Rev. J. B. Gleisner has just had a letter from Rev. M. J. Leahy, formerly pastor of St. Anthony church but at present at Texas City, telling of his return trip from Ireland where he was called in June on account of the death of his father and serious illness of his mother. He reports the condition of his mother improved. His former Bryan parishioners will read this bit of news with interest.

## W. B. BURNS OF IOLA BRYAN VISITOR TUESDAY

(From Tuesday's Daily)  
W. B. Burns of Iola, Grimes county, was trading among the merchants of Bryan today and purchasing poultry products from Brazos county poultrymen. Mr. Burns is planning to go into the poultry industry on rather a large scale, 20,000 hens being his goal for his poultry farm.

## BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. L. Beason

### Too Much "Going It Alone."

On the part of the farmers themselves there is dawning a realization that a goodly portion of their difficulties have been the natural result of their going it alone, each man running his own job with a superb disregard of what other farmers were doing. They have now seen it forcibly demonstrated that while other lines of industry suffered severely from deflation of prices, recovery has been quickly brought about in most lines, as the effect, chiefly, of organization. The result today is that the prices of farm products are still relatively much lower than the prices of practically everything the farmer has to buy. The farmer is justly disgruntled at this state of affairs, but in his present unorganized condition there has seemed to be little that he, as an individual, could do to bring about a readjustment.

The fact is that farming, as a business, is out of step with modern business methods, and this is reflected clearly and unfortunately in the present state of individualistic, non-co-operative methods in any line is drawing to a close, for it has proved wasteful and unprofitable as a system of production.—Report of Agricultural Committee, Oregon Bankers' Convention.

### Try Honest Remedies.

"Don't take an opiate, but apply an honest-to-goodness remedy," is the suggestion offered in Capper's Farmer by Alexander Legge, president of the International Harvester Company, for the present unsatisfactory condition of agriculture. Mr. Legge says, "The depression in agriculture presents no problem that cannot be solved. But we must remember there is only one true solution to any problem and that is the correct solution—the solution that will stand the test of time. This problem can and will be worked out by the farmers themselves and the solution will be found along the line of more diversified farming and co-operative, slower marketing." This suggestion coming from the president of probably the world's greatest producer of farm implements deserves more than passing notice, but thousands of farmers will, because of the present price of cotton, disregard the wise counsel given by a great business man interested in the success of agriculture, and stick to, or return to, the one crop system, not only impeding the progress of agriculture, but also making sure death of the "goose that is laying the gold, an egg."

### A Made-Over Farm.

One man said that since seeing the wonderful improvement made on Dr. B. Youngblood's farm near Union Hill he was convinced that the fertility of our lands can be improved. Walter J. Coulter states that the Youngblood farm presents one of the most striking examples of soil improvement he has ever seen. There are just three factors that made this possible—terracing, rotation of crops, and proper fertilization.

### Get Record Ready.

Club members should look up their record books and see that each is properly filled out. These books will be called for in the near future.

### Noted Poultryman Coming.

The Official Record, U. S. Department of Agriculture, states that "Dr. Morley A. Jull, who recently assumed charge of the poultry division, is planning an extensive trip through the West and Middle West to visit the department's various stations where poultry work is being carried on and to make plans for the development of a national poultry program." After giving Dr. Jull's itinerary through the West and Middle West, the article concludes with the following paragraph which ought to be of interest to all Brazos county poultry raisers: "On November 5 and 6 he will attend the annual meeting of the Texas State Poultry Association at College Station, Texas."

### Believes in Livestock.

Lynn Sample, a progressive young farmer of the Tabor community, was in town last Saturday and called on the county agent to discuss the future of the livestock industry in Brazos county. Mr. Sample thinks that now while livestock are so cheap would be the best time for the farmer to change from scrub stock to standard bred stock, looking to the future when prices will be better and the best price will be paid for the best stuff as is the case now. While discussing the livestock industry, Mr. Sample referred, incidentally, to his farming operations, saying that his crop yields were increasing following the use of fertilizer on land where vegetation had been turned under.

### Poultry Show Prospects.

County Agents Ewing of Robertson county, Clinton of Burleson county, and Yates of Washington county send in scores of names of poultry raisers who will be interested in Brazos county poultry show December 5-6-7. It is hoped that Bryan merchants will handle by that time and will offer space for exhibition of the hundreds of fine birds that will be shown at this great show.

### Eberstadt Makes Record.

Secretary S. E. Eberstadt of the Bryan Chamber of Commerce, is like the boy who, being butted over by a calf in the cow lot, rose and said, "I can not afford to be treated so." Last year when County Agent Beason auctioned off a cake at the Smetana barbecue for \$50, benefit of the school, Eberstadt declared he would some day show his superiority

over the aforesaid county agent as an auctioneer. The time came last Saturday night at the Steele's Store supper when Eberstadt auctioned off a cake for \$88.05, benefit the Steele's Store school, the vote honoring Miss Lena Degelia, the most popular young lady present at the box supper, and the event establishing, beyond all question, the Secretary's right and title to the championship as auctioneer in this part of the "moral vineyard."

### The Future in Poultry.

George B. Bowers has the following to say, in Capper's Farmer, concerning the growth of the poultry industry in California: "Six years ago seven poultrymen with \$147 cash formed the San Diego Poultry Association. It now has 450 members, owning 300,000 hens. In its plant 50 persons are employed. Buildings and machinery are valued at \$55,000. Stock and supplies inventory at \$50,000. In six years it has handled 8 million dollars' worth of business. Capital stock consists of 4,000 shares of \$25 par value, totaling \$100,000. It pays 6 per cent dividends. A poultryman must own one share of stock for every 100 hens in production." These California poultry raisers ship their products 3,000 miles and because of the quality of product sell at a premium and realize a profit. What a wonderful opportunity awaits the enterprise of Brazos county poultry raisers!

## HEALTH NURSE NEEDED FOR COUNTY SCHOOLS AND HEALTH OF PUBLIC

The Eagle has been handed the following with request to publish: The purpose of this letter is to call to your attention the health work in Brazos county. All of us are more or less familiar with the work done by the County Health Nurse, particularly among the school children, and realize its importance. Physical examination followed by a definite health program under the direction of teachers, supervised by the Health Nurse, will arouse the child's interest in his own physical well being and will call the attention of parents to serious defects which perhaps are not apparent on surface and yet need attention.

### Uses of County Nurse.

Another way that the nurse can be of very definite use to us all in the school is in the detection of infectious diseases and their eradication, by proper treatment and quarantine. Brazos county has had one year's work with Miss Crosbie, financed and directed by the Red Cross. This work of the Red Cross was discontinued last February, due to lack of funds.

Our United States Congress had recently passed the Shepherd-Towner Bill, which provides for the employment of county nurses, and under which all the money raised in the county is matched by Federal funds. This is the Maternity and Child Welfare Act. This work is under the supervision of the State Health Department at Austin, and the nurses must be approved by them. The funds are to be handled by the County Commissioners' Court, and the nurse works under a committee appointed by the county judge.

### Twelve Hundred Needed.

Acting with the State Health Department a budget has been worked out which calls for \$1,200 to be raised in the county. This will give us \$2,400—\$1,800 for a nurse's salary and \$600 for maintenance of car and office expenses. This small amount was made possible by the fact that the Red Cross Board very generously turned over all the equipment owned by them, including the Ford coupe used by the nurse.

The large part of this \$1,200 has been pledged by the Bryan school board, the Bryan City Commissioners and the County Commissioners. The balance is to be raised by the Parent-Teachers Associations of the county. The Parent-Teachers Association at the A. and M. Consolidated School is asking you for a cash donation to this cause. The committees are already appointed and at work selecting a nurse. We must have the rest of the money soon. Will you not give this matter your immediate attention and let us have what you feel you can give for this necessary work? The Red Cross does not plan to have a membership campaign this fall. Can you not give to us the money you might give to the Red Cross? Money may be sent by the children to teachers of each room at school, who will be responsible for it, or may be sent directly to the chairman of the committee. We are all vitally interested in this work for health among our mothers and children. Let us show our interest by a liberal donation. Committee: MRS. A. H. LEIDIGH, chairman; MRS. B. D. MARBURGER, MISS ALLENA BRASHEAR, MRS. J. O. MORGAN.

## HEAD-ON COLLISION IN OKLAHOMA KILLS ONE HURTS SEVERAL

(By Associated Press)  
OKLAHOMA CITY, Okla., Sept. 27.—John Flenor, an engineer on a Rock Island freight train was killed and several persons injured near Concho, Okla., early today when the train collided head-on with passenger train number 31, a fast flyer, south-bound for Dallas. The crews of both trains declared them were under orders to proceed. The engines were tele-scoped and the baggage car demolished, and the mail car thrown from the track. No other cars left the rails.

## WELLBORN FAIR GREAT SUCCESS DESPITE PRESS OF FIELD WORK

The Wellborn people scored another victory in community progress Wednesday when they held their first community fair, a credit to any people and an inspiration to all who attended. It was debatable among many of the people whether or not at this busy time the farmers would stop to make the necessary preparations and bring out their exhibits but all uneasiness was dispelled when the corn, cotton, melons, vegetables, galore, poultry, feed stuffs, etc., began to pour in along with the wonderful exhibit of needle work, culinary art and canning work made by the women. The display of needle work was immense in quantity, covering several hundred feet of space, 167 pieces, and the quality was of the best. Among the women's exhibit were many interesting relics and family heirlooms, Mrs. A. B. McSwain exhibiting a quilt some 125 years old in splendid state of preservation and having passed on down to the fifth generation. The quilt was made by Mrs. McSwain's great grandmother, "Granda Ma" Walton, in 1500, Texas, Silverware, 50 to 75 years old, walking canes, cut from the forests of Florida two generations ago, were among some of the interesting relics and heirlooms.

## PRESBYTERIANS PLAN CHRISTIAN EDUCATION DRIVE AT EARLY DATE

Schedules are now being arranged for the state-wide Presbyterian movement for Christian education carrying with it a quota of \$1,350,000, according to announcement received by Miss Virginia West, the local publicity representative in Bryan. It is planned to open up the work throughout the state at an early date and finish up if possible by July 1, 1924. According to information received there are about 40,000 Presbyterians in Texas, and hearty support is being given the movement to strengthen their educational institutions. The apportionments are fixed as follows:

Texas Presbyterian College, Milford, \$40,000 for equipment and \$100,000 for endowment. Austin Presbyterian Seminary, Austin, \$100,000 for endowment. Daniel Baker College, Brownwood, \$75,000 for equipment and \$100,000 for endowment.

Apportionment to Others.

All other institutions will use their apportionment for equipment as follows: Work at Normal School Centers of Commerce, San Marcos and Huntsville, \$10,000; Presbyterian Orphanage, Itasca, \$20,000; Texas Institute, Kingsville, \$25,000; Presbyterian School for Mexican Girls, Taft, \$20,000; Church for University Students, Austin, \$100,000; Presbyterian Work at College of Industrial Arts and North Texas State Normal, Denton, \$10,000; Presbyterian work at A. and M. College, College Station, \$40,000. The remainder of the fund will be used for debts incurred by the institutions because of increased attendance and inability to care for the larger number by the colleges.

## CHAMBER DIRECTORS CONSIDER ONE OTHER HIGHWAY TO COLLEGE

(From Tuesday's Daily.)  
The directors of the Bryan Chamber of Commerce met in regular session at the Chamber of Commerce rooms at 10 o'clock Tuesday morning. Those present at the meeting were: Dr. W. B. Bizzell, W. H. Cole, J. E. Covey, J. N. Dulaney, E. J. Fountain, F. L. Henderson, T. K. Lawrence, Oak McKenzie, City Manager E. E. McAdams, Major L. L. McInnis, Mrs. Lee J. Rountree, A. M. Waldrop, Judge W. C. Davis, County Agent C. L. Beason, Secretary S. E. Eberstadt. In the absence of President John M. Gordon, who was detained at home by sickness, E. E. McAdams, vice president, presided.

Dr. W. B. Bizzell reported that there are today 2031 students on the A. and M. campus. He called attention to the traffic congestion on the Bryan-College road and said that he was much interested in seeing another road to College built to connect with the Sulphur Springs road so as to relieve congestion and to provide a loop by which Bryan folks could go out one road to College and return the other. Upon his motion, the matter was referred to the highway committee for investigation. He said that the College highway department would make the necessary survey free of charge.

### WOMEN GIVEN PRAISE

Bryan people who attended the Wellborn Fair have nothing but praise for the Wellborn women for the splendid dinner they served of barbecued beef, mutton and pork, bread, pickles, four kinds of pie, and four kinds of cake, with hot coffee, and this same meal was served at supper for 25 cents. The price sounds like pre-war prices. At the close of the fair all eatables left over were auctioned off by Secretary Sam E. Eberstadt and a fair sum of money was added to the fair fund.

## MRS. HENDRIX CONWAY GIVEN LINEN SHOWER BY DOMINO CIRCLE

At the weekly meeting of the Country Club Domino Circle on Friday evening, Mrs. Hendrix Conway, one of the members who is today moving into her new home on College avenue, was given a "shower" of linen towels, which was a great surprise and delight to her. Mrs. Will Poindexter and Mrs. W. S. Higgs were the hostesses of the evening, and arranged the "shower" for Mrs. Conway. After the game, and refreshments had been served, Mrs. Higgs, who has moved into her home on College avenue only a few weeks ago, was surprised beyond words, when these same friends presented to her a "shower" of towels also. The occasion was one of sincere good fellowship and unalloyed pleasure to all present.

Miss Ora Powers, who has been taking a business course in San Antonio, is at home for a few days visit.

Anton Sorski called at the Eagle office today and had his name added to the list of subscribers.

## BRYAN HIGH SCHOOL CONFIDENT AS ATHLETIC SEASON IS OPENED

(By Sport Reporter)  
Beginning the football season of 1923 with practically no holdovers Coach Barron of Bryan High school will attempt to put out a team from the squad of men developed by Heinie Weir, and some excellent recruits that have entered school this week.

At the initial practice session last week, Dave Bunting, speedy half back of last year, was elected captain and Sam Crenshaw appointed student manager to look after details at school. Yell leaders will be elected at a pep meeting on Edge Field this week and everything put under way for the winning of the district championship, and then for finals for interscholastic.

Games have been arranged with Navasota, Hearne, Calvert, Cameron and San Marcos and negotiations are pending with Oak Cliff and Houston Heights. One or both games will likely be played.

The men who have reported for training from last year's squad are

Players and Position.

Perry Ferguson 17 135 End  
Albert Neddalek 16 145 Half  
Curtis Cobb 16 136 End  
R. E. Dansby 16 130 End

Bill Oliver, Lawrence Griffin, Malcolm Barron, Leigh Smith, Harry Jenkins, Lynn Griffith, Cecil Martin, Ammons, Johnson and Held are all out fighting for places.

Jim Huggins, Tom Ayres and Jim Edge were members of the strong Tabor high school basketball and track teams of last season. Ottie Kelly was a member of the Harvey basketball team while Reese Snapp has had some experience with schools in Arkansas, and Perry Ferguson with Normangee High. This bunch with one or two more to re-put this week will put Bryan High to the front in all branches of interscholastic athletics this year.

Some desks and the state adopted books, just so long will we have teachers keeping school rather than training boys and girls for the demands of our present day society.

Reading, writing and arithmetic, with a little physiology and hygiene, is about all of real value found in the rural school. Most of our arithmetic could be thrown away. Reading could be taught in one third of the time. English as about 80 per cent waste. History should be taught as recreational reading. Nearly all the time put in on teaching spelling is wasted. Practically 100 per cent of the rural teachers do not teach writing properly. Algebra and geometry is absurd for all girls and nearly all boys. Latin is a waste.

In fact, less than 50 per cent of our present work is as valuable as other work we could do within the school. You ask me what this work is and I tell you I do not know. But I do know the reason we are not getting anywhere. Simply because we are not enlisting our best brains in school work. The brains we need to reconstruct our educational system are being used in other fields, for in other fields they find greater rewards.

What we need and what we have got to do as a nation before we get anywhere with our educational progress is to wake up as a whole people to the realization that we "are not" getting anywhere and to the fact that to get somewhere we have got to have the best brains money can buy to work out our educational salvation, and then, be willing to pay the price, for we get only what we pay for. So long as we pay more for plasterers than for teachers, we will have more brains slinging plaster on our walls than we have in the school room. And just so long as more brains go into the plaster on our walls than into the making of our citizenship, just so long will our boys and girls deteriorate mentally and morally.

What can we do? We can at least wake up and get to studying the matter. And all together, we can gradually work our way towards a more adequate school system.

Mrs. C. E. Richardson of Alice, Texas, arrived today for a visit to her sister, Mrs. R. F. Ellis and family. Mrs. Richardson is remembered by her many Bryan friends as Miss Roland Hood, and she is receiving a sincere and cordial welcome.

The plasterers of Houston have been getting \$12 per day for eight hours work. Last week they struck for \$13 per day, or another dollar raise. I am teaching in the Edge school. I hold two college degrees. I get \$175 per month. Counting twenty working days as a month, I get \$8.75 per day. If we count hours of work done, I get around 75 cents an hour. In other words, I get about half as much as the plasterer. I understand that the wages of the brick mason are even more than \$13 per day. Now, with these wage facts before you, do you not consider any man who has any ability at all as being very close kin to a fool should he choose teaching as a profession? And what is true of men is very largely true of women.

So long as we pay more for plumbers, brick masons, plasterers, etc., than we do for men teachers, just so long will we have only men of very mediocre ability in our school rooms. Just so long as we pay our lady teachers barely enough to make ends meet for the year round, just this long will we have girls with very little training in our school rooms.

Just so long as we think school equipment consists entirely of house
